Sir:

Consistent with the interview summary mailed September 26, 2005, the issues of the outstanding rejections under 35 U.S.C. §§112, 102, and 103 were discussed. The Examiner agreed to withdraw the rejection of claim 51 under 35 U.S.C. §112, first paragraph. While applicants did not necessarily agree with the Examiner's constructions of the claims and/or the prior art, various amendments were discussed to expedite prosecution and to clarify the relationship between the additional information and the predetermined contents, as well as to more clearly set forth mechanics of the preparation and storage of the contents identifier as compared to the Levy et al. and/or Leonhard et al. The Examiner agreed that such clarifications would require additional consideration and search.

Respectfully submitted,

STEIN, MCEWEN & BUI LLP
